A customer charter for people who receive care and support from Oxfordshire County Council staff

If you receive care and support from Oxfordshire County Council, this charter is for you, your family and carers. It sets out the standards that you can expect from the staff that work with you.

If you are a member of Oxfordshire County Council staff (Social Worker, Occupational Therapist or Care Support) these standards set out what is expected from you.

These standards have been jointly created by people who receive care and support services in Oxfordshire, together with those working in Social Care. The standards are in line with national standards that all social workers are required to meet.
